

## ANOTHER FOR GODDARD

Defeated Graniteville A. A.  
Last Night 52 to 23

### IN A FAST, CLEAN GAME

Although beaten by a Decisive Score,  
the Graniteville Boys Put up a Good  
Game and Fought  
Hard.

The Goddard seminary basket ball team continued its unbroken string of victories by defeating the Graniteville Athletic association, 52 to 23, in the Church street gymnasium last evening before a fair-sized crowd of spectators. The game was one of the fastest and cleanest games that have been played in the gym this winter. Though Goddard ran up a big score, Graniteville played a good game and kept the local five working for every point.

Spaulding did some splendid work for Goddard in shooting baskets, making ten from the floor and six from foul, while Berry shot four baskets and did good work at blocking and passing. Bruce did pretty work at throwing fouls for Graniteville, making eleven shots and missing but a very few of the chances. Bruce also shot two baskets from the floor, while Armstrong dropped three and McAuley one.

The summary:

Goddard. Graniteville A. A.  
Spaulding, 7 f., 1 g., Miles

**Thousands Have Kidney Trouble and Never Suspect It.**

Prevalence of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease.

While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physician, who consider themselves走 in distressing the effects, while the eric and disease undermines the system.

**SAY REFEREE WAS UNFAIR.**

Richmond High School Team Also Says  
That It Plays Clean Game.

To the editor of the Barre Times:  
Please insert this in your paper.

In reply to the piece inserted in the Barre Times Monday as to Richmond high playing to a tie in a rough-house game of basket ball with Spaulding high we wish to say that although a number of fouls were called during the game, no so many were necessary on Richmond as on Spaulding, as, from all appearances, not wishing to see his own team beaten, the referee time after time called a like foul on Richmond because Richmond's players saw fit to penalize the Barre five, thus allowing Spaulding to even up the score.

Furthermore, the game was forfeited to Richmond through the unwillingness of Spaulding to continue the game, which was not mentioned in Monday's paper.

Richmond high has so far in its basket ball the reputation of being the cleanest playing team of any high school around, and it is their wish to con-

clude that their reply has been received.

**Kirkland Urges Money For Moths.**

According to Professor A. H. Kirkland superintendent of the Massachusetts Gyna Moth Commission, if Congress will act now, and make a substantial appropriation for the work of his department, the expense can be decreased about fifty per cent. annually in the future. He made this statement yesterday before the Committee on Agriculture, which gave a hearing on a bill of Representative Roberts appropriating \$250,000 for the work, and his statements were supplemented by those of Colonel Dearborn and Professor Hitchcock, state entomologist of Maine. Colonel Dearborn reported forty-two towns infested in his state. Secretary Wilson's estimate suggested only \$120,000 for the work in New England. Professor L. O. Howard, chief of the bureau of entomology, will explain to the committee the results of experiments with parasites.

**BROUGHT FATHER  
IN THE STEERAGE.**

Immigrant Ashamed of Parent's Clothes  
Came in Second Cabin Himself.

New York, Jan. 28.—Immigration officials who went aboard the St. Louis remarked that while Samuel Findlowe came over in the comfortable luxury of the second cabin, his aged father was in the steerage.

There was a scene when the aged man was told he would have to go to the steerage, while his son would be allowed to go ashore immediately. He said to Findlowe, "I was about to be sent back to Ireland and the immigration inspectors had all they could do to release me. He said his son had been a good man, always decent to Ireland and had come to New York to open a butter store."

"We were poor people in Russia," said the aged man, whose name is Iacob, who is 70 years old, his wife and I went to America to Ireland, and we came to America. We had saved hard for two years and our last was some good, money and all the money we had. We received from him about seven times to come to America, and we would bring him with us, but we would not come to the steerage. Poor old man, we would make him go to the steerage."

The older Findlowe, who is 60 years old and is the widow of the late wife of the younger, was present in Russia.
